* Death sentence.
** Life sentence.

n.a. = not applicable

NOTE 1: Calculations of average sentence length exclude life/death sentences.

NOTE 2: The above categories are those used by the Department of Corrections and the Caseload Forecast Council for forecasting purposes and are not identical to classifications under the Sentencing Reform Act. For example, the sex categories include pornography and prostitution offenses, which are not classifed as sex offenses per se under the Sentencing Reform Act.

NOTE 3: The data reported above for the categories of "assault" and "other" are not comparable to reports prior to FY02. In FY02 the crime categories were revised to more closely match those used by the Department of Corrections and the Caseload Forecast Council. A number of crimes previously reported in the category "other" were re-categorized under "assault".
